

OUR VISION:

Free, full lives for children affected by conflict and oppression.

OUR VISION:

Free, full lives for children affected by conflict and oppression.

PARTNERS RELIEF & DEVELOPMENT has one massive goal: free, full lives for children affected by conflict and oppression. Whenever someone chooses to live with less so those kids can have a bit more, we move one step closer to that goal. Whenever our love isn't just words and talk but deeds - action! - and truth, it changes their world. And every. single. time. we give a cup of cold water to someone who is so very thirsty, it is as if we are giving a parched Jesus a cup of cold water too. Partner with us and join this movement of less for us, more for them. What love that is.
